

OLA Expert Panel Discusses ANSI Z87.1 Standard Implementation

OLA Expert Panel Discusses ANSI Z87.1 Standard Implementation - November 18, 2005

Dale Pfriem, ICS President (fourth from left) participated as an invited expert in a round table seminar and discussion convened at the annual OLA convention in Gaylord, Texas. The session, for the benefit of prescription safety eyewear manufacturers and fabricators, reviewed the requirements of ANSI standard Z87.1-2003, summarized industry findings over the two years since the standard was published with new requirements for prescription safety eyewear and answered questions as submitted from the audience
